

Legacy Giving

Legacy gifts allow Homes of Hope to continue to provide rescue, restoration, reintegration and prevention to individuals and communities throughout Fiji. Please consider making a gift in your Will or living trust that will impact lives for years to come. Homes of Hope encourages potential legacy givers to speak with a financial advisor and a Homes of Hope representative to determine which legacy giving options can most effectively meet the giver's goals and the needs of Homes of Hope. Most legacy giving options fall into one of the following three categories:

- **Planned Giving:** Planned gifts are designed to fit within a donor's comprehensive estate plans, fulfilling the donor's philanthropic goals, reducing income taxes, avoiding capital gains or estate taxes, all while helping guarantee Homes of Hope's future financial support. Common forms of planned giving include charitable gift annuities and donor advised funds.
- **Endowments** – A non-profit's endowments represent its permanently held capital. Depending on the guidelines established for each particular endowment, income and/or principal from the endowment can be used to support the ministry's work. Endowments benefit Homes of Hope by providing a secure source of long-term support.
- **Non-traditional Gifts** – Non-traditional gifts to Homes of Hope could include gifts of personal property, life insurance policies, retirement plans, real estate, and appreciated stocks.
